

One integrated platform for all fleets and assets.

Geotab Integrated Solution for PSA vehicles with certified data by Kuantic.

Integrated with factory-fitted telematics and advanced data powered by Kuantic.

No additional hardware or installation costs.

Productivity

- + GPS tracking
- + Exception rules
- + Trips & activity reports

Fleet Optimization

- + Manage fuel usage
- + Track fuel, and much more
- + Monitor engine diagnostics and usage
- + Plan maintenance

Compliance

- + Vehicle inspections
- + Personal vs commercial use
- + Supports corporate sustainability
- + Driver identification

Sustainability

- + Reducing fuel usage
- + Manage vehicle maintenance

Expandability

- + Software Development Kit and APIs

Geotab and PSA Groupe along with Kuantic have come together to offer advanced solutions on one platform. Automate, integrate, innovate. Geotab's unique and expandable open platform for telematics helps you reduce fleet costs, increase productivity and efficiency, improve safety, and strengthen compliance. Collect and monitor rich, high-quality data from PSA Groupe vehicles, all with end-to-end data protection. With ready-to-go factory-fitted hardware integration on most new PSA Groupe models* and with quality data powered by Kuantic, choosing Geotab couldn't be easier.

GEOTAB®

*Available on most recent PSA Groupe models. Most 2019 and newer models are eligible once validated by PSA.

Email psa@geotab.com with your VIN list to validate availability and confirm.

GEOTAB®

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Marketplace, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with their other data assets. As an IoT hub, the in-vehicle device provides additional functionality through IOX AddOns. Processing billions of data points a day, Geotab leverages data analytics and machine learning to help customers improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety, and achieve strong compliance to regulatory changes. Geotab's products are represented and sold worldwide through Authorized Geotab Dealers.
