

GO TALK

IN-VEHICLE VERBAL COACHING SOLUTION

“Speeding Violation!”

Advancing Driver and Fleet Safety One Word at a Time

Prevent accidents and control costs with real-time verbal feedback that delivers customized coaching to drivers about safety and productivity. Improve dangerous or poor driving habits with in-cab spoken alerts for critical driving events such as speeding, harsh braking, seatbelt unbuckle, and excessive idling. Avoid costly and unnecessary repairs with warnings for engine light on and low tire pressure.

GO TALK Helps Fleets:

- + Improve driver behavior
- + Manage aggressive driving
- + Enhance productivity
- + Reduce accident rates and liability costs
- + Minimize vehicle wear and tear

Key Features:

- + Provides real-time verbal feedback to drivers
- + Custom rules for personalized messaging
- + Multi-language Support: English, French, Spanish, German, and Italian
- + Compatible with Geotab GO7 and GO6 devices
- + Quick plug-&-play installation
- + Simple management in MyGeotab

Take Driver Coaching To The Next Level

Spoken instructions from inside the vehicle inform and empower drivers. Using advanced text-to-speech technology, GO TALK warns drivers of violations so they can immediately correct their behavior. Personalize coaching by adding custom event-triggers in MyGeotab. The options are virtually infinite. For time sensitive notifications, GO TALK requires the ProPlus plan.

FLEET GOAL	EXAMPLE MESSAGES	
Improve Driver Safety	+ Exceeding a speed limit + Unknown driver	+ Harsh driving + Seat belt unbuckled
Strengthen Compliance	+ Reminder: conduct post trip vehicle inspection	+ Driving outside of State/Province
Improve Productivity	+ Entering a restricted area	+ Entering a customer zone
Reduce Fuel Costs	+ Idling for too long	+ Revving over the set limit

Install GO TALK in Seconds
 Installation is as easy as 1-2-3

- 1 Simply connect GO TALK to your existing Geotab GO7 and GO6 device.
- 2 Select a location and mount the GO TALK bracket for optimal sound.
- 3 Manage your notifications in MyGeotab.
